“The History and Lore of Baseball in Photos”

JON LIGHT – Friday, Feb. 23, 2018

Attorney, LightGabler

Light is a local attorney who has written a national acclaimed and award-winning book, The Cultural Encyclopedia of Baseball. Even if you hate baseball, are bored by baseball, or hate the baseball beards, you'll enjoy his photos and anecdotes from the history and lore of baseball, great stories and some myth-busting. Light has appeared multiple times on radio and television, has had a radio show on baseball's rich history, and will share some little known facts that even a baseball-hater will enjoy.
